This month's updates highlight continued momentum across Alzheimer's and broader neuroscience, with late-stage development, real-world treatment insights, and advances across neurological and CNS disorders.

CPE Spotlight

Two New CPE Offerings!

At the Table™ Program

What if your next educational program felt more like a conversation than a presentation?

At the Table brings:

- A curated, KOL-led experience
- Deeper, more meaningful clinical dialogue than traditional educational settings allow
- End-to-end CPE management, from recruitment and logistics through post-program follow-up

Dedicated KOL Brand Ambassador Program

Looking to get more strategic value from your KOL relationships beyond individual engagements?

The Dedicated KOL Brand Ambassador Program provides:

- Transformation of one-time KOL engagements into an ongoing, coordinated presence across key HCP touchpoints
- A consistent, credible presence that extends across multiple HCP engagement opportunities
- CPE support throughout the KOL engagement process, from identification and vetting through contracting and logistics

Explore Our New Website

Our new website offers a closer look at how CPE connects science, strategy, and education to support meaningful healthcare engagement.
